 **STANNO**

About Stanno

Stanno was launched in 1990 with the aim of becoming an essential, reliable and natural part of every athlete's equipment. Stanno started with the introduction of a compact collection of innovative goalkeeper gloves. A specialty that the brand is still known for.

The brand quickly started to expand its range. For every new development, the needs of the athlete were key. A high-quality teamwear collection was developed, suitable for various team sports. In addition, the equipment portfolio was slowly but surely built up internationally, along with a refined clothing collection for casual comfort. At every step on new ground, the two powerful key pillars of Stanno were of decisive value; **product is king** & **sport is our passion**.

Stanno kept growing and continued to win over new groups of athletes. The first sponsorships appeared on the horizon, in various sports. To this day, it is the specialty of Stanno to provide extensive collections of interest to every kind of athlete, on the one hand, and, on the other, to develop tailored, high-tech products for specific groups of athletes. This winning blend of versatility and innovation is what makes Stanno such a powerful and essential sports brand.

MISSION - WHAT WE STAND FOR

Our mission is to create essential sports products that support everyone, every athlete, regardless of his or her level, in experiencing moments of glory.

VISION - WHAT WE AIM FOR

Our vision is to become the first brand in the athlete's mind when it comes to moments of glory.

On the road to a circular sports brand

For centuries, our economy has been based on a linear production model. Products are made from various raw materials that are thrown away after use. But our raw materials are limited, which makes this production process unsustainable.

Stanno is part of a family company, so creating a better world for generations that will come after us has our focus. That is why we are dedicated to speed up the transition to a circular economy and reduce our carbon footprint.

MWY+

We gather all our sustainable projects under the label MWY+ (Me With You+). This allows us to make it easier for customers and partners to make a sustainable choice.

The MWY+ label also includes our first 'green' team line: the First collection! Completely circular and fully made of recycled materials.

About recycled polyester

Recycled polyester comes from polyester PET bottles, rejected B-grade fabrics and residual materials. Using existing materials reduces the demand for raw materials by 65%.

Recycled polyester is just as good as ordinary polyester. It is strong, retains its shape and strength, resists abrasion and wrinkles and dries quickly. In other words: excellent material for the manufacture of sportswear.

Cooperation with Salvation Army ReShare

We go further than the production of recycled collections. We also want to take care of used clothing. Therefore, together with our partner Salvation Army Reshare, we offer a recycling and return service for our Stanno clubs. All the players, staff, employees, and supporters can put their used clothing in a textile container that we provide. The gathered clothing will be given away by the Salvation Army to those in need or will be sold.

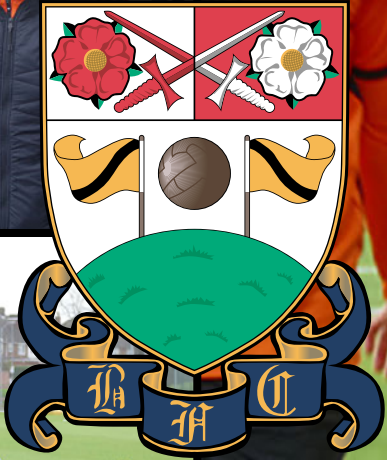

"We will only get the textile industry clean if we produce more demand-driven and more locally.

Another necessity is to use recycled and sustainably produced raw materials!"

- Director Olaf Pothoven -

Special Design

Does your club have a milestone or celebration coming up that calls for a special outfit? Do the club's articles of association place specific requirements on sports clothing? Or is your team just eager to turn out in a kit worn by no one else?

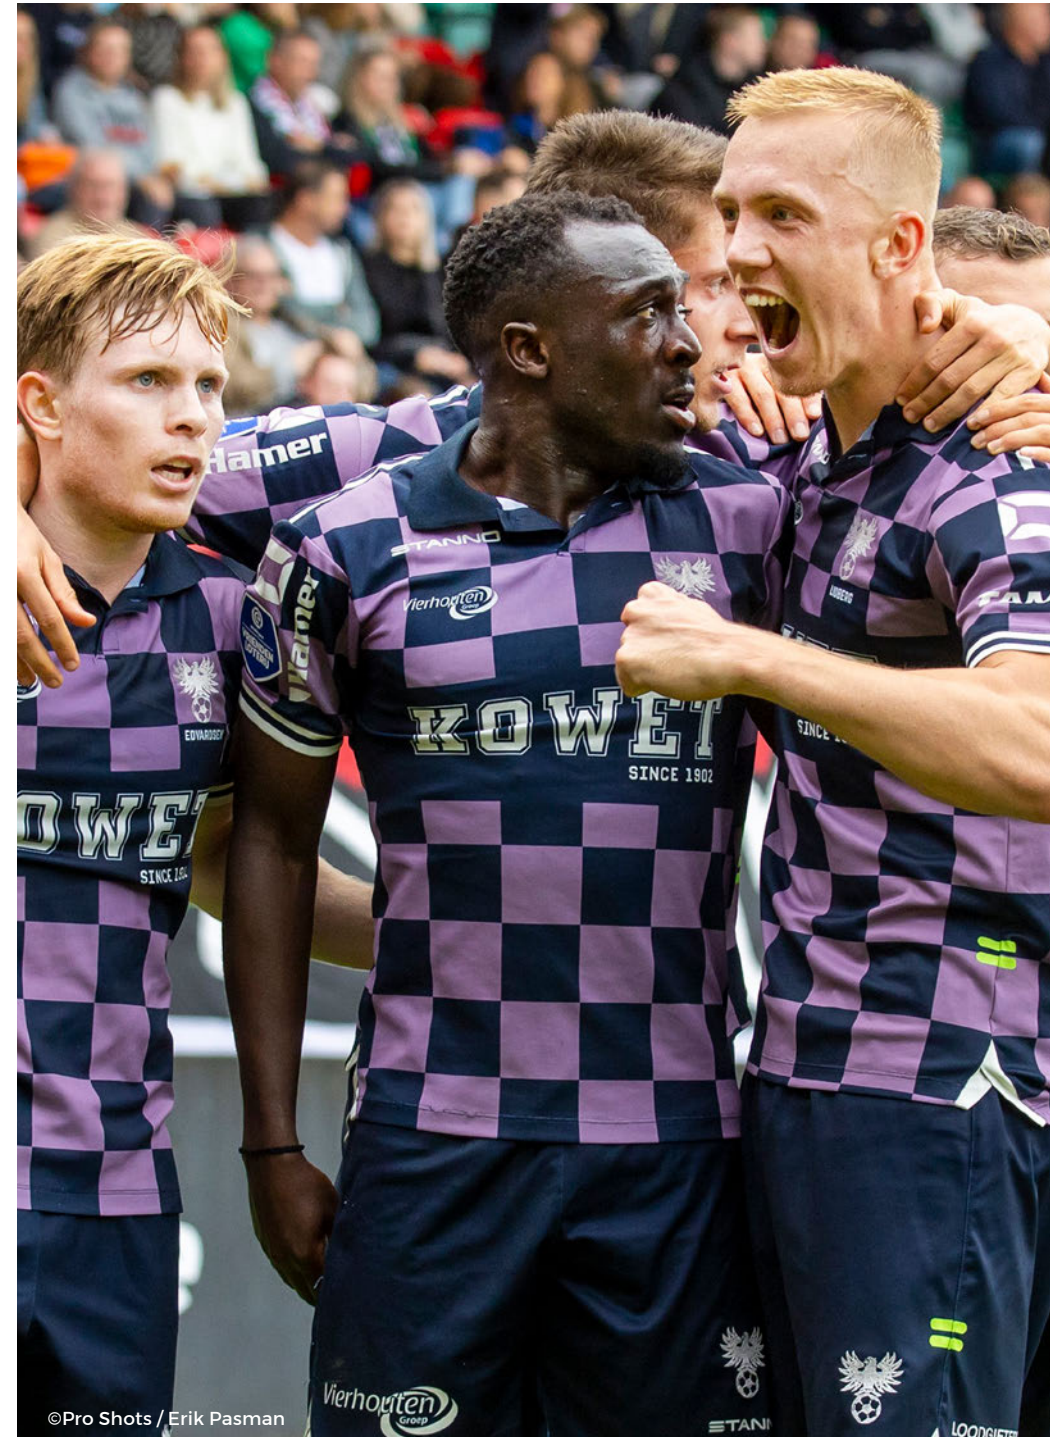

Then Special Design is the solution for you. Our Special Design items have the qualities you can expect of a leading teamwear brand: superb functionality for the best possible performance and a perfect fit.

This shirt from Stanno is made of 100% polyester mini mesh. The advantage of mini mesh is that this small mesh ensures optimal comfort during exercise. The shirt has a ClimaTec finish for optimal sweat-wicking. This shirt dries quickly and feels light, making it ideal for football or other team sports. The shirt has a supple fit, and the raglan sleeve insert provides sufficient freedom of movement. The shirt has double-stitched seams. A nice all-around shirt that you must have! The shirt is also suitable for competitions and available for both juniors and seniors.

This shirt from Stanno is made of 100% polyester and is available for both juniors and seniors. The shirt has a V-neck and a sublimated front panel and is made entirely of ventilating mini mesh. This mini mesh provides a comfortable feeling and sufficient ventilation during a football game or other team sports. The ClimaTec finish ensures optimal sweat drainage. Another advantage of this shirt is that it feels light and supple. The raglan sleeve insert also provides sufficient freedom of movement—the printed logos complete this shirt.

LISBON LONG SLEEVE SHIRT

100% POLYESTER

ART. NO.

411112

SIZES: 116 - 128 - 140 - 152 - 164 - S - M - L - XL - XXL

JR £ **18,50** SR £ **21,99**

Wide, horizontal stripes result in a classic sports shirt. The Lisbon is Stanno's classic: made of high quality polyester and has a plain back area for printing. The material ensures optimal ventilation. The V-neck and cuffs are made of soft shell material. The striped print is sublimated, so the colours stay beautiful, even with frequent washing.

JR £ **13,99** SR £ **16,50**

For anyone who wants to exercise with a high-quality sock with anti-slip properties, the Move Crew Socks are a good choice, both for indoor and outdoor use. The socks are made of a high-quality jacquard knit. With a nanofront (anti-slip) footbed, you can be sure that the socks will stay in place. The socks provide optimal moisture regulation. A high stretch level, an anatomical foot and a left-right indicator ensure extra comfort and convenience.

RAW CREW SOCKS

52% COTTON, 45% RECYCLED POLYESTER, 3% ELASTANE

ART. NO.

444007

SIZES: 36/40 - 41/44 - 45/48

JR £ **10,50** SR £ **12,50**

These Raw Crew Socks (half-high socks) are ideal for various sports. From indoor sports to the football fields and tennis courts, they can be used everywhere! What makes the sock unique is the footbed, that is equipped with silicone studs. This ensures that sliding in the shoes is prevented during exercise. Very convenient this anti-slip effect! The mesh knit on the instep of the foot ensures optimal moisture management. Other nice things about these socks are the high stretch content, the anatomical foot and the left-right indication.

PRIME COMPRESSION SOCKS

82% POLYAMIDE, 14% PES NANOFRONT, 4% ELASTANE

ART. NO.

444000

SIZES: 35/38 - 39/42 - 43/46

JR £ **23,50** SR £ **27,50**

These Stanno compression socks reduce moisture and swelling, which ensures that wearing these socks has a preventive effect against injuries. The pressure that compression socks exert on the lower leg provides benefits in various sports. In this way, the blood flow to the heart is optimized. The compression socks have a preventive effect against calf pain, muscle strains and cramps. The socks can be used on a daily basis, for example when practicing a standing profession. In addition, you use these socks as support during sports or as recovery after your sports activity. The socks have a snug fit due to the high stretch content and the anatomical foot. Special yarn is used in the footbed with nanofront that provides an anti-slip function. Another advantage: the socks are quick-drying. Take care of your legs and feet by wearing these socks!

GO AHEAD EAGLES

A WONDERFUL CLUB THAT WE HAVE BEEN SPONSORING SINCE 1988: THE GO AHEAD EAGLES! AFTER YEARS OF PLAYING IN HUMMEL, THE CLUB HAS BEEN PLAYING IN STANNO FOR SEVERAL SEASONS NOW.

THE HOME JERSEY IS A CLASSIC RED SHIRT WITH A YELLOW VERTICAL STRIPE IN THE MIDDLE, WITH A MODERN TWIST ADDED TO IT.

THE AWAY JERSEY IS DESIGNED BY BAS KUIPERS AND SNELLE. "THE STARTING POINT WAS TO DESIGN A FOOTBALL SHIRT THAT IS ALSO FASHIONABLE," EXPLAINS BAS KUIPERS THE CHOICE FOR THE NEW AWAY SHIRT. "IT IS A SHIRT THAT YOU CAN WEAR TO THE CITY, SCHOOL, THE BEACH OR WITH YOUR JEANS."

FUNCTIONALS HOODED FULL ZIP TOP II

100% POLYESTER

ART. NO.

408028

SIZES: XS - S - M - L - XL - 2XL

£ **37,99**

This hoodie from Stanno is a good choice for those looking for a multifunctional sports top. This top in regular fit has a high collar and a zip at the front. The top is made of fast-drying material. The top has long sleeves with a thumb hole so that the top stays in place. The sleeves are made of a material in a jacquard construction. This creates a pattern in the fabric for a rich look. The raglan sleeves let you move freely, so this top is extra comfortable. The back panel has a reflective print, and the side pockets have high-quality SBS zips.

These leggings have good stretch and are made of quick-drying material that does not see through. These tights have a higher waistband with a drawstring for extra comfort and support. The mesh panels provide extra ventilation. The side pocket on one leg allows you to easily store your phone or card, and the integrated key pocket in the back of the waistband also provides space for valuables. The reflective prints on the back of both legs ensure visibility.

434603 - 8000

FUNCTIONALS 3/4 TIGHT LADIES

ART. NO.

80% POLYESTER, 20% ELASTANE

434607

SIZES: XS - S - M - L - XL - 2XL

£ **29,99**

Wear these Stanno tights made of 80% polyester and 20% elastane to cover your legs just over the knee during exercise, without getting too hot. The ClimaTec finish ensures that these tights dry quickly and due to the partly elastic material you can move freely. Mesh panels ensure ventilation. The wide waistband provides extra comfort. You can easily take your keys and/or telephone with you in the pocket on the right side or back. Furthermore, these tights have reflective prints for visibility. The silicone print at the bottom guarantees extra grip so that the bottom does not crawl up during exercise. Ideal for those who like to go to the gym or do a workout at home, but also for outdoor use such as a nice run.

Available to end of stock **2024**

FOAM MATERIAL

	HYPER FOAM PLUS is an ultra-soft and even thicker foam than Hyper Foam. This ensures an even better grip in both dry and wet weather conditions. Its absorbency has been considerably improved, which ensures optimum impact reduction and even better ball control. An additional advantage of Hyper Foam Plus is the improved, longer lifespan.
	HYPER FOAM ensures optimal grip in both dry and wet weather conditions, thanks to the foam's absorbent properties. Hyper Foam guarantees optimal comfort and increases ball control thanks to its excellent impact reduction.
	AQUA FOAM offers optimal grip in wet conditions. The soft and more open foam structure takes up water, which – in comparison to other types of foam – provides a 25% better grip. Additionally the Aqua Foam gloves contain an extra shock-absorbing function to reduce the impact of hard shots. The changing needs of professional keepers require that the characteristics and quality of the foam continually develop.
	SUPER SOFT PROFI FOAM has excellent properties for grip in both dry and wet conditions, and it also offers excellent cushioning. The use of the latest materials ensures durability and optimal comfort.
	SOFT FOAM provides a reliable grip and excellent cushioning. Soft Foam ensures maximum ball control and optimal comfort.

FOAM RATING

	 Grip dry weather	 Grip wet weather	 Cushioning	 Abrasion resistance
	★★★★★	★★★★★	★★★★★	★★★★☆
	★★★★☆	★★★★☆	★★★★☆	★★★★☆
	★★★☆☆	★★★★★	★★★★☆	★★★★☆
	★★★★☆	★★★★☆	★★★★☆	★★★★☆
	★★★★☆	★★★☆☆	★★★★☆	★★★★☆

FOAM PROPERTIES

	GRIP DURING DRY WEATHER CONDITIONS The adhesive properties of the foam are decisive for an optimal grip and the best performance. The weather is a big influence on the properties and performances of the foam material. Playing during dry weather requires specific foam components for optimal results.
	GRIP DURING WET WEATHER CONDITIONS Moisture, rain and wet conditions affect the grip and require additional components for a better grip. A softer and more open foam structure absorbs the water and is very suitable for wet weather conditions.
	CUSHIONING As well as grip, cushioning is an important factor in determining the most suitable goalkeeper gloves. The softer and thicker the foam, the better the impact of the ball can be absorbed. Also the thickness of the basic material of the gloves determines the amount of cushioning.
	ABRASION RESISTANCE Foam is a very soft material that needs special treatment. Regular ball contact leads to wear and tear of the foam. The degree of wear is determined by the surface structure and the density of the foam material. A more coarse and closed foam structure will lead to less wear.

FINGER PROTECTION
Firm, flexible strips on the upper side of the fingers provide good protection against injuries in contact with the ball. The flexibility of the strips guarantees that suppleness remains guaranteed while throwing, punching and catching the ball.

ONE PIECE FIT DESIGN
The supple, lightweight material of the wrist strap runs over the upper hand and provides an even better connection around the skin. The OPF design also results in an extra light glove.

GOALKEEPERS GLOVES

One of the main features of goalkeeper gloves is the way in which the gloves are stitched. This determines the ball control, grip and comfort.

HYBRID POSITIVE

In case of a hybrid glove, the advantages of the rollfinger system and flathand (positive stitching) are combined. With the rollfinger system, the finger is completely surrounded by foam, without stitching. The stitched seams are applied to the outside of the fingers. The magnification of the grip surface that is created in this way, allows for optimum grip on the ball.

	
HARDGROUND V	ULTIMATE GRIP AQUA RFH III

HYBRID NEGATIVE

The advantage of the rollfinger system and stitching on the inside of the fingers combined. The glove fits tighter around the fingers because of the stitching on the inside and is also surrounded by foam. The surface area on the inside of the hand is further increased, this makes the surface to catch the ball even greater.

		
BLAZE	VOLARE ULTRA II	BLAZE JR

FLATHAND POSITIVE

In a flathand glove, with positive stitching, the stitched seams are applied to the outside of the fingers, increasing the foam surface and creating a larger area for catching the ball.

		
POWER SHIELD V	THUNDER JR VI	VOLARE JR II

FLATHAND NEGATIVE

In a flathand glove, with negative stitching, the stitched seams are applied to the inner side of the fingers, making the glove fit more tightly around the fingers, and increasing the control on the ball.

		
MIGHTY	THUNDER VI	VOLARE MATCH II

ROLLFINGER-MODEL

With the rollfinger system, the finger is completely surrounded by foam, without stitching. The magnification of the grip surface that is created in this way, allows for optimum grip on the ball.

		
ULTIMATE GRIP III	HARDGROUND JR V	ULTIMATE GRIP JR II

BLAZE GOALKEEPER GLOVES

HYPER FOAM PLUS

ART. NO.

481398

SIZES: 7 - 7,5 - 8 - 8,5 - 9 - 9,5 - 10 - 10,5 - 11 - 12

£ 94,99

The Blaze Goalkeeper Gloves are the absolute top gloves from Stanno. They have an extra large foam surface of Hyper Foam Plus. Hyper Foam Plus is an ultra-soft, thick foam that provides even more optimal grip in both dry and wet weather conditions. The gloves have a similar fitting to the Volare Ultra Goalkeeper Gloves II, but with the Blaze Goalkeeper Gloves there is a negative stitched rollfinger construction at the thumb and little finger. This way the gloves fit perfectly on the hand! The hand is also completely surrounded by foam. The foam surface on the inside of the hand is enlarged even further, making the surface to catch the ball even larger. The silicone design on the punch zone and fingers ensures a more controlled punching of the ball. The One Piece Fit design also guarantees an optimal fit around the upper hand. The use of a wristband is optional. That is why the Blaze Goalkeeper Gloves are equipped with a detachable, elastic wristband, which is ideal for printing your name, for example.

HYPER FOAM PLUS

ART. NO.

481401

SIZES: 7 - 7,5 - 8 - 8,5 - 9 - 9,5 - 10 - 10,5 - 11 - 12

£ 89,99

The Volare Ultra Goalkeeper Gloves II have an extra large foam surface of Hyper Foam Plus. Hyper Foam Plus is an ultra-soft, thick foam that provides even more optimal grip in both dry and wet weather conditions. The gloves are lightweight thanks to the use of lightweight mesh. The gloves have an RFH negative fit, with the stitching on the inside of the fingers and the rollfinger system combined. The gloves therefore fit tighter around the fingers, but is also completely surrounded by foam. The foam surface on the inside of the hand is enlarged even further, making the surface to catch the ball even larger. The silicone design on the punch zone and fingers provides good flexibility which increases the feeling with the ball. The One Piece Fit design also guarantees an optimal fit around the upper hand. The use of a wristband is optional. That is why the Volare Ultra Goalkeeper Gloves II are equipped with a detachable, elastic wristband, which is ideal for printing your name, for example.

ART. NO.

481399

SIZES: 7 - 7,5 - 8 - 8,5 - 9 - 9,5 - 10 - 10,5 - 11 - 12

£ 73,99

The Mighty Goalkeeper Gloves are equipped with an extra large foam surface of Hyper Foam Plus. Hyper Foam Plus is an ultra-soft, thick foam that provides even more optimal grip in both dry and wet weather conditions. The glove has a neoprene upper, which provides extra strength. This way you are even more confident in the goal! The glove has an RFH negative fit, with the stitching on the inside of the fingers and the rollfinger system combined. The glove therefore fits tighter around the fingers, but is also completely surrounded by foam. The foam surface on the inside of the hand is enlarged even further. This makes the surface to catch the ball even larger. The silicone design on the punch zone and fingers ensures even more controlled punching of the ball. The One Piece Fit design also guarantees an optimal fit around the upper hand. The use of a wristband is optional. ULTIMATE GRIP AQUA RFH III

AQUA FOAM

SIZES: 7 - 7.5 - 8 - 8.5 - 9 - 9.5 - 10 - 10.5 - 11 - 12

The Stanno Ultimate Grip Aqua RFH III offers excellent grip in all weather conditions, a very reliable glove! Thanks to the soft and more open foam structure of the Aqua Foam, this glove provides 25% extra grip in wet weather conditions. The glove has a RFH fit: roll finger flat hand, giving you a tight, seamless fit and maximum trapping area. The extra mesh insert on the side provides even better ventilation. These professional gloves are also excellent for use in dry weather and contain an extra shock-absorbing function to reduce the impact of hard shots. The One Piece Fit design (OPF) also guarantees an optimal fit around the upper hand. The wristband has an elastic fastener that ensures a perfect fit and protects the wrist.

ULTIMATE GRIP III

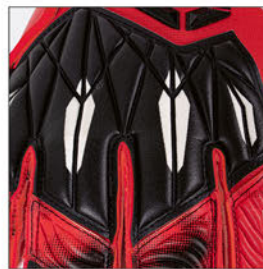

SUPER SOFT PROFI FOAM

SIZES: 7 - 7.5 - 8 - 8.5 - 9 - 9.5 - 10 - 10.5 - 11 - 12

A classic glove that focuses on the most important features: grip and shock absorption. The Super Soft Profi Foam has excellent properties for reliable grip in both dry and wet weather conditions and also provides excellent cushioning. Thanks to the rollfinger system, the finger is completely surrounded by foam, without stitching. The enlarged foam surface thus created provides a better grip on the ball. The use of the right materials increases durability and guarantees optimal wearing comfort. The wristband is equipped with a Velcro fastener for easy donning and doffing of the glove.

SOFT FOAM

SIZES: 7 - 7,5 - 8 - 8,5 - 9 - 9,5 - 10 - 10,5 - 11 £ **49,99**

The Hardground Goalkeeper Gloves V owes their name to the rubber debossing that strengthens the palm and thus extends the life of the gloves. This makes the gloves ideal for use on artificial grass and hard surfaces. The Soft Foam offers reliable grip and excellent cushioning. Soft foam also guarantees maximum ball control and optimal wearing comfort. The gloves have a hybrid fit of flat hand positive with rollfinger system. The gloves have a neoprene insert on the upper for a perfect and flexible fit and an elastic mesh insert between the fingers for ventilation and flexibility.

CAMPO BACKPACK

600D POLYESTER

ART. NO.
484842

SIZE: ONE SIZE

£ **26,99**

This Stanno backpack has two side pockets made of mesh material and several small pockets on the inside. The padded back makes the bag comfortable for wearing on your back. The Campo backpack features a main compartment, a front pocket with two-way zippers, and adjustable shoulder straps. The bag also includes reflective details for improved visibility in the dark. Dimensions: 42x31x20cm (HxWxD).

SAN REMO BAG

600D POLYESTER

ART. NO.
484834

SIZE: ONE SIZE

£ **20,50**

The Stanno San Remo bag is made of high-quality 600d polyester. The two-way zipper at the top provides access to the large, reinforced inner pocket. The San Remo bag features two extra pockets - one on the front and one inside. This bag is the smallest of a series of three bags, with dimensions of 25x48x23 cm (HxWxD).

PRO BACKPACK PRIME

600D POLYESTER

ART. NO.
484838

SIZE: ONE SIZE

£ **26,99**

This spacious backpack has a U-shaped zip on top so you can easily put all your stuff in the main compartment. Thanks to the large side pocket with zip, the mesh side pocket, the key pocket with zip on the inside and the separate (water-repellent) shoe compartment you can put a lot of your sports equipment into this sports bag. The bag is also equipped with adjustable shoulder straps with soft padding and the bottom contains studs for extra protection. Dimensions: 40x38x26 cm (HxWxD).

PRO BAG PRIME

600D POLYESTER

ART. NO.
484837

SIZE: ONE SIZE

£ **31,50**

The Pro Bag Prime is the ideal sports bag. The sports bag has a U-shaped zip on top so you can easily put all your sports gear in the main compartment. Thanks to the large side pocket with zip, the mesh side pocket, the key pocket with zip on the inside and the separate (water-repellent) shoe compartment there is lots of room for all your essentials. The bag is also equipped with an adjustable shoulder strap with soft padding and the bottom contains studs for extra protection. Dimensions: 48x50x32 cm (HxWxD).

MERANO BAG

600D POLYESTER

ART. NO.

484835

SIZE: ONE SIZE

£ **22,99**

This sports bag is made of high quality 600d polyester. The upper has a U-shaped zip, which gives access to the spacious and reinforced main compartment. This is also equipped with an extra pocket with zip inside. Furthermore, the bag contains a spacious side pocket and a side pocket of mesh on the short side. The shoulder strap contains a soft padding. The bag has reflective details and a water-repellent bottom with studs. The Merano sports bag is similar to the Loreto bag, but smaller in size. With dimensions of 31x52x32 cm (HxWxD).

LORETO BAG

600D POLYESTER

ART. NO.

484836

SIZE: ONE SIZE

£ **22,99**

This sports bag is made of high quality 600d polyester. The upper has a U-shaped zip, which gives access to the spacious and reinforced main compartment. This is also equipped with an extra pocket with zip inside. Furthermore, the bag contains a spacious side pocket and a side pocket of mesh on the short side. The shoulder strap contains a soft padding. The bag has reflective details and a water-repellent bottom with studs. The Loreto sports bag is similar to the Merano bag, but larger in size. With dimensions of 33x63x34 cm (HxWxD).

SPORTS BACKPACK XL

600D POLYESTER

ART. NO.

484845

SIZE: ONE SIZE

£ **33,99**

This Stanno backpack has two side pockets made of mesh material and several small pockets on the inside. In addition to the main compartment, the backpack has a practical back pocket, ideal for carrying a laptop. You can easily take a ball or your jacket with you thanks to the cord on the front of the bag. The padded back makes the bag comfortable for wearing on your back. The Stanno Sports Backpack XL features two-way zippers and adjustable shoulder straps, as well as reflective details for improved visibility in the dark. Dimensions: 48x31x23 cm (HxWxD).

DERBYSTAR

THE BALL

According to many pro coaches and top players, it is the best ball globally. The Derbystar. The official match ball of the Eredivisie, Keuken Kampioen Divisie and Bundesliga.

Moreover, Derbystar is the market leader in amateur football.

The balls are known for the four crucial properties behind the design. They determine the unique quality of each and every Derbystar ball.

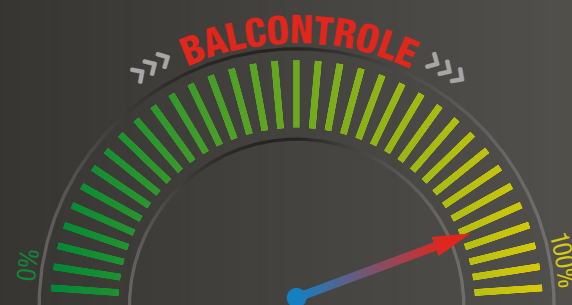

MATERIAL

1 HANDMADE

Since 1963, each football has been made with care. The ball is stitched by hand: 32 panels are joined together with 18 m of threads and 780 stitches. This careful way of stitching guarantees the durable quality of the Derbystar ball.

2 OPTIMAL PLAYING CHARACTERISTICS

The Derbystar balls are known for their excellent flight characteristics and optimum bounce. These stable playing characteristics arise from the optimal ratio between the outer layer of synthetic PU material (3) and the balanced inner ball (4).

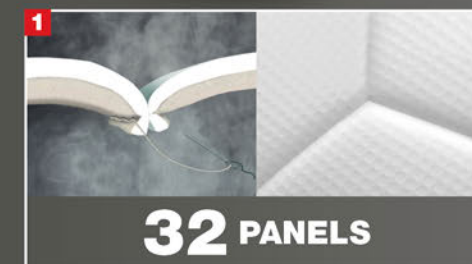

3 OUTER LAYER: HIGH-QUALITY PU-MATERIAL

The outer layer of the Derbystar balls is formed by high-quality polyurethane (PU). This synthetic material has several advantages over PVC. The high-quality PU keeps the playing characteristics optimal at all temperatures. In addition, PU feels more luxurious and more durable and flexible than PVC.

4 INNER SIDE: ZERO WING INNER BALL

The balanced inner ball is decisive for the excellent flight characteristics of the Derbystar ball. The inner ball is and will remain round under all circumstances, thanks to the high-quality latex. Latex is a natural product with high elasticity for an optimal jump power of the ball.

EREDIVISIE BRILLANT APS 23/24

HAND STITCHED

BRILLANT APS FUTSAL II

HAND STITCHED

ART. NO.
286020

SIZE: 4 **£ 58,50**

The Brilliant APS Futsal II is a hand-stitched top match ball that is ideally suited for indoor soccer/futsal matches. With its size of 63 cm, the ball is just a bit smaller than a regular field soccer ball, but weighs the same. The Brilliant APS Futsal II is made of glossy high-tech PU with a fine-grained textured surface. This extremely soft soccer ball has the FIFA Quality Pro seal of approval, which means it meets all the quality requirements of the highest international level.

White - Green
286020 - 2100

FUTSAL SPEED

HAND STITCHED

ART. NO.
286910

SIZE: 4 **£ 49,99**

This professional match quality ball is specifically suitable for indoor football/futsal. At 63 cm, the Futsal Speed is somewhat smaller in size than a 'normal' football, but weighs the same. Combined with a special butyl bladder, this gives the hand-stitched ball a greatly reduced bounce (low bounce effect).

White - Royal

ADAPTABALL HANDBALL

ART. NO.
387932

SIZE: 1 **£ 45,99**

The Select Adaptaball is a revolutionary training ball of the highest quality. A ball that demands adaptability from the player. By training with this new, special ball, the player is constantly challenged and stimulated. Due to a deliberately created imbalance, the ball has a slightly different flight than you would expect. Bouncing also requires more focus. Thus, actions that handball players perform routinely suddenly become challenging again!

Yellow - White
387932 - 4200

ATTACK TB HANDBALL

ART. NO.
387948

SIZE: 2 - 3 **£ 38,99**

This SELECT Attack TB Handball is produced following the new guidelines for resin-free balls. Both with and without resin you have excellent grip. Due to the strong foam filling, the ball feels extremely soft. The SR bladder on the inside provides a fantastic roundness. This handball has also been approved by the EHF. The letters TB in the name stand for Thermal Bonded. This means that the 32 fields of the ball are thermally bonded and assembled with heat. Will the SELECT Attack TB Handball also be your new match ball?

SOLERA HANDBALL

ART. NO.
387907

SIZE: 0 - 1 - 2 - 3 **£ 32,50**

The Solera is a high-quality training handball made of PU material. The ball has an excellent (improved) grip and good catching, playing and bouncing characteristics. The Zero-Wing technique on the inside of the ball ensures optimum roundness and is therefore always balanced. The Select Solera is EHF approved: the ball meets all quality requirements of the European Handball Federation. The Solera is available in multiple sizes. Size 0 is suitable for children aged 8 to 10. Size 1 is suitable for juniors. Size 2 is suitable for ladies. Size 3 is suitable for men.

SOCK TAPE

60% NON WOVEN FABRIC, 40% ADHESIVE LATEX

ART. NO.

489851

SIZE: ONE SIZE

£ **4,99**

Do you want to keep your shin guards and sport socks in place? Then this Stanno tape is the easiest solution. The breathable tape feels soft and comfortable on the skin. You can easily tear and unwind the self-adhesive tape by hand without scissors. The tape is 5 cm wide and there is 4.5 m on every roll. One package contains two rolls, so you are good for tape for a long time. The unique feature about this tape is that there is no adhesive layer on it, so you can easily remove the tape without damaging your skin, socks or shin guards.

PLAYER GLOVE II

FLEECE, NEOPRENE

ART. NO.

488810

SIZE: 3 - 4 - 5 - 6 - 7 - 8 - 9 - 10 - 11

£ **14,50**

Are you looking for warm gloves that fit nicely due to the fit and fitted cuffs? Then you're in the right place with these very comfortable gloves from Stanno. They are made of high-quality fleece and Neoprene and have a rubber grip in a stripe pattern on the palm and fingers. This rubber grip makes the gloves ideal for football, but the gloves are also suitable for casual use. The outside is made of dirt-resistant Neoprene, with a reflective print on the wrist. Thanks to the finger touch, you can continue to operate your mobile with your gloves on, for example, when you go for a walk with these gloves on. Available in junior and senior sizes.

RESISTANCE BAND LONG

LATEX

ART. NO.

489860

SIZE: ONE SIZE

£ **12,50**

You have probably heard of resistance bands. These bands, as the name suggests, provide extra resistance during your exercises. What happens is that the intensity of the workouts goes up. This will stimulate muscle growth to achieve even better results. In this set, you will find resistance bands in 3 different strengths: light, medium and heavy. If you are just starting out, a band with light resistance is already a big step forward. If you are far advanced, you can choose a greater resistance. Choose a band with the correct resistance level, and go for it!

Multi Colour

On photographic reproduction and print some colour changes may occur between pictures and original products. We reserve the right to make product/technical changes (in design, colour, function and material), which we feel, will make for improvement of the product. We will not accept any responsibility for printing errors in the catalogue! All Stanno products are suitable for printing, front or back.

Garment care: Stanno products are made to the highest standards and are subject to strict quality control procedures. Garments however can discolour due to substances such as mud and grass, liniment or oil, and of course perspiration, all of which may not be fully removable by washing. The extent of discolouration can be greatly reduced by following a few simple procedures. Soaking and/or washing of the garment in water and detergent as soon as possible after use can reduce discolouration, using at least the same volume of water as the garment being treated. Always follow detergent manufacturers instructions, especially those intended to tackle heavy stains and avoid products containing bleach. Stanno International cannot accept any liability for discolouration or damage to garments resulting from staining caused by elements foreign to the materials used in manufacture.

All catalogue prices are recommended prices inclusive of VAT. The copying of products, in whatever form that may take, is forbidden without the prior written consent of Stanno International. Stanno International reserves the right to modify product specifications and prices at any given time.

Please note all time lines listed are purely for guidance and we reserve the right to make changes to these. It also applies that in the last year of the stated period, we can no longer guarantee complete size runs.
